

K-LOVE Radio is a vital part of our radio listening. We enjoy it because it is a clean, safe, family-friendly station for us to listen to. K-LOVE is one of only 3 radio stations in our area that provides this family-friendly programming. We like the programming because of the reasons listed above, and also because K-LOVE does a great job of keeping us up-to-date on what's going on in the US as well as the world. We believe that K-LOVE is an important part of our community in that it again, gives us family-friendly programming in an area of the country where our options are few.
